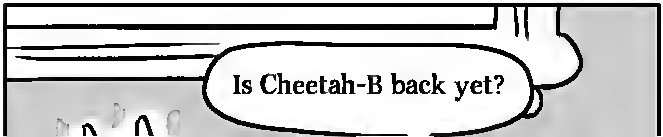
Everybody Got Somebody But Me

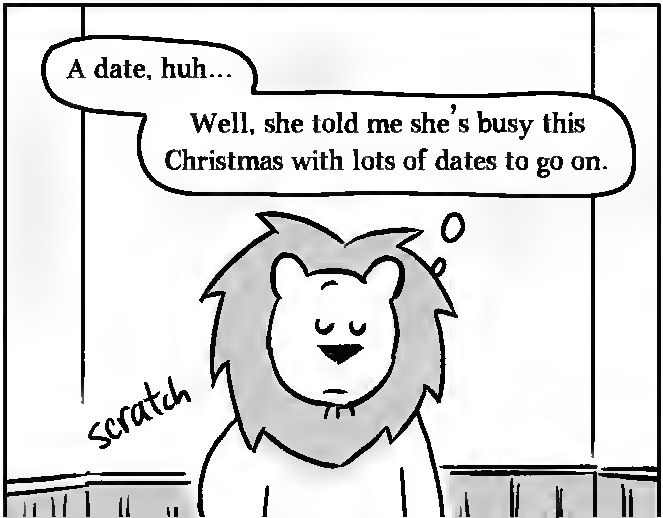
#3

Good morning Leo!
Hi Tiff...

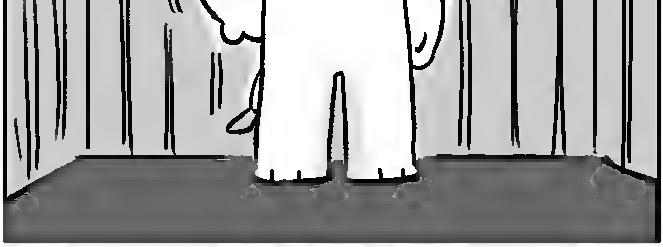


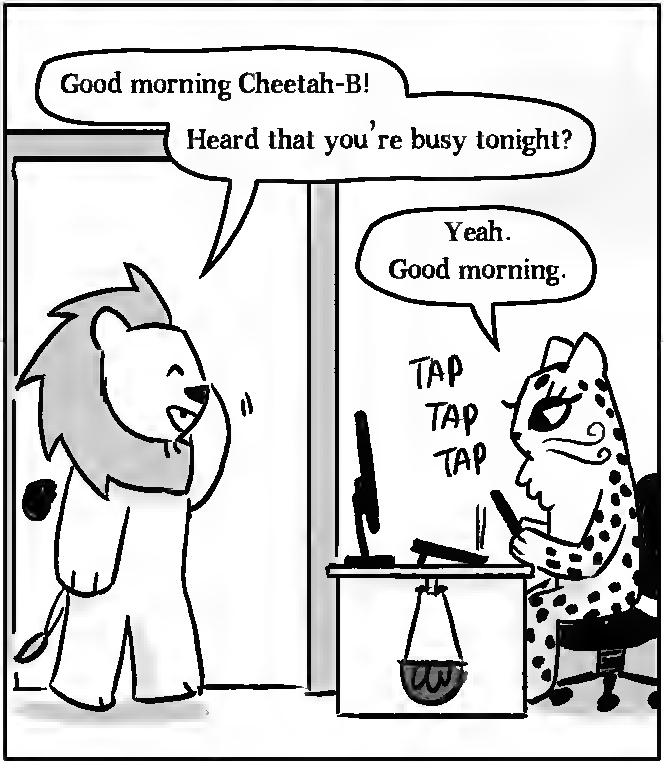
Is Cheetah-B back yet?

Yea, she came to work early today!
She's having a date tonight.

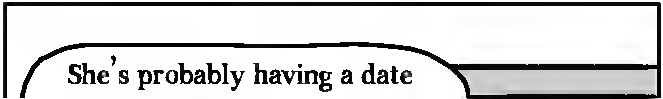


A date, huh...
Well, she told me she's busy this Christmas with lots of dates to go on.
scratch





Good morning Cheetah-B!
Heard that you're busy tonight?
Yeah.
Good morning.
TAP
TAP
TAP

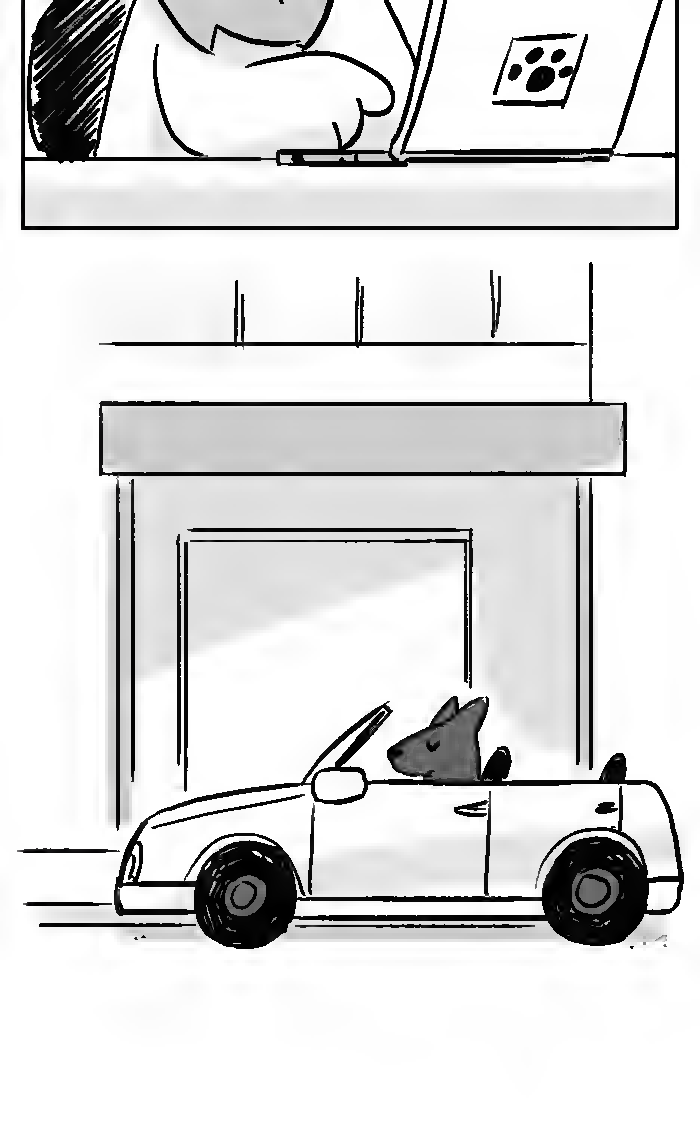


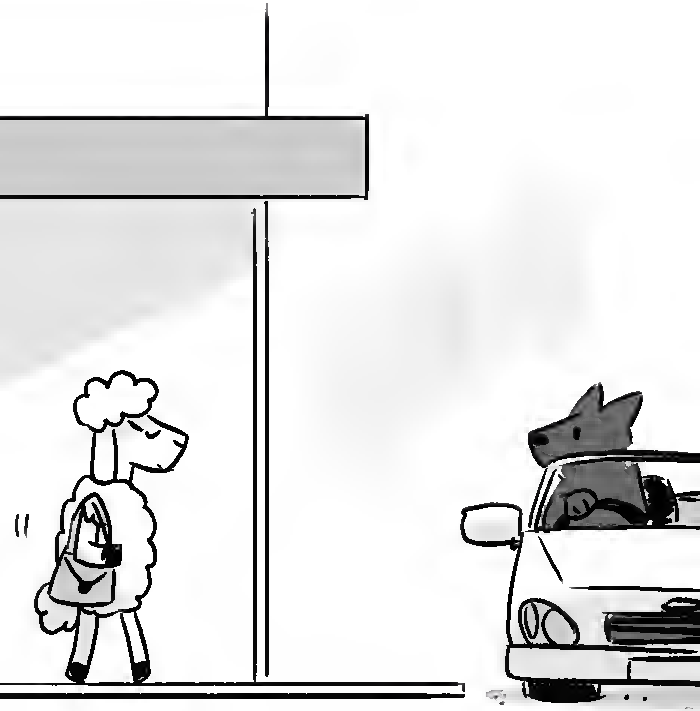
She's probably having a date

with Horsie or her girl friends...

I can't ask her out for dinner tonight then.

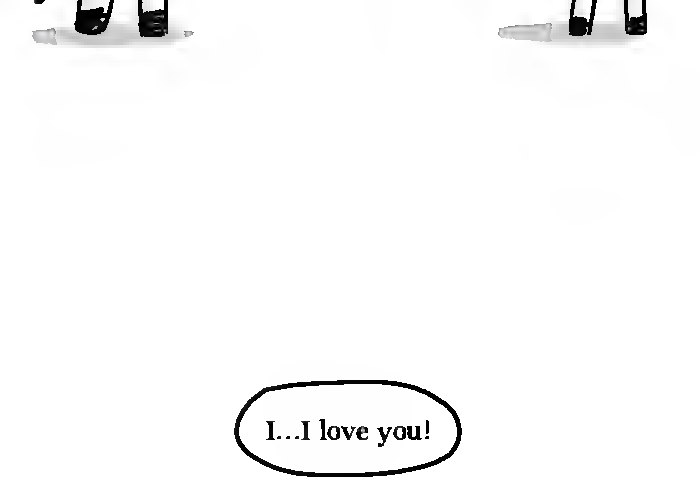
Cheetah-B's so busy on Christmas, let's start another drama series.



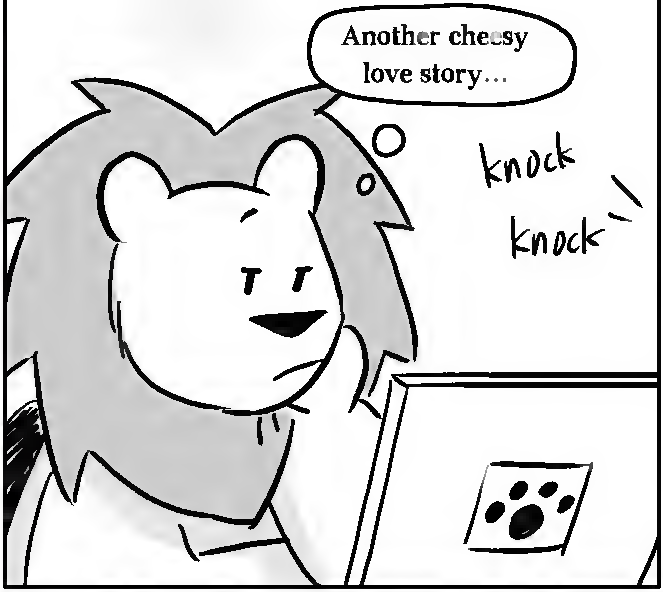


Luna! Wait!

Please don't go!
I just realized my feelings...
I can't let you slip away into another guys's arms!



I...I love you!

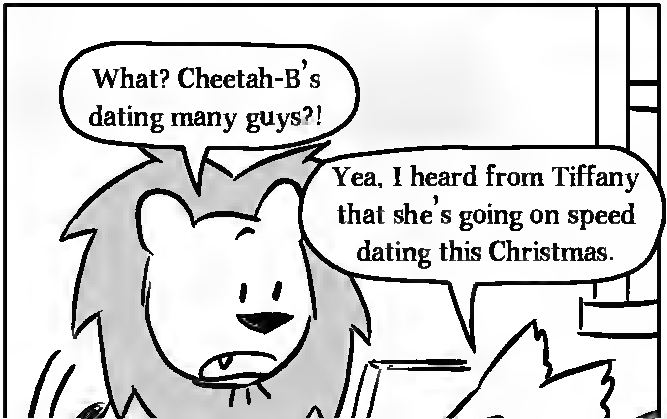


Another cheesy love story...
knock knock

Good morning Leo!
Your coffee's here!

Leo, you know I'll spend Christmas with my sister...
So I want to have an early Christmas celebration with you and Cheetah-B.
Sure, but not tonight. She's going on a date.

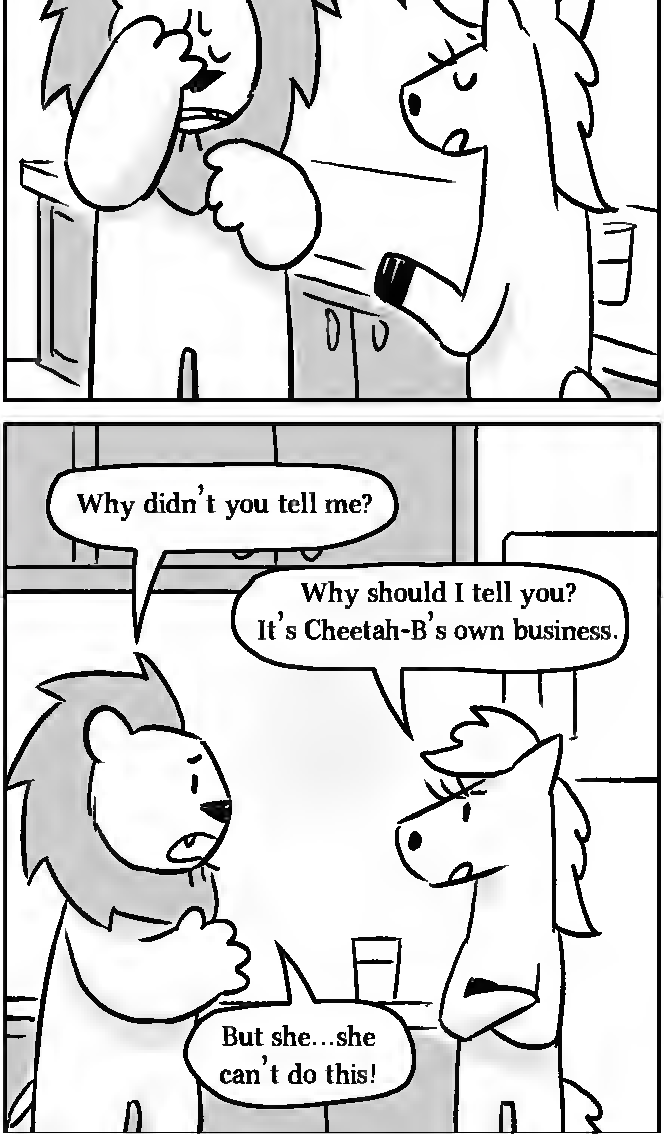
Date? Oh, so it's today!
I hope she will meet lots of nice guys!



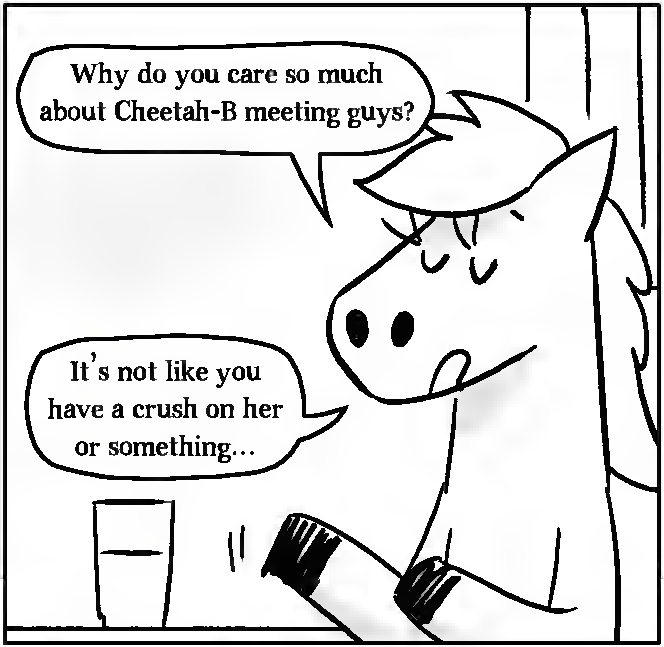
What? Cheetah-B's dating many guys?!
Yea, I heard from Tiffany that she's going on speed dating this Christmas.

What? Speed dating?!

Cheetah-B's going on speed dating? Tell me it's not true!
It's true.
I can't believe it!!
How come everyone in the office knows about it but me?
You're always oblivious to the things around you.



Why didn't you tell me?
Why should I tell you? It's Cheetah-B's own business.
But she...she can't do this!



Why do you care so much about Cheetah-B meeting guys?
It's not like you have a crush on her or something...

.....
Alright, alright.
I know

I know where she's going.
Geez, you two annoy me to no end...

Hi

2

I need to see my friend!
Please calm down, Mr...
Leo?!

Cheetah-B - I need to

have a word with you!
I'm really sorry...please excuse me for a moment.
Sure

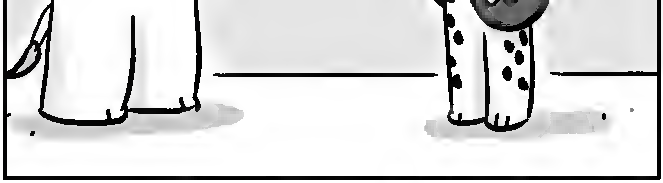
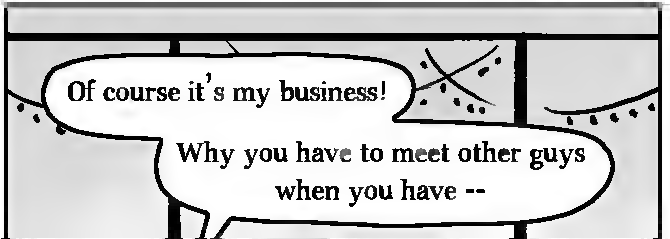
Is that her ex or something...?

What you earth are you doing?
What on earth are YOU doing!

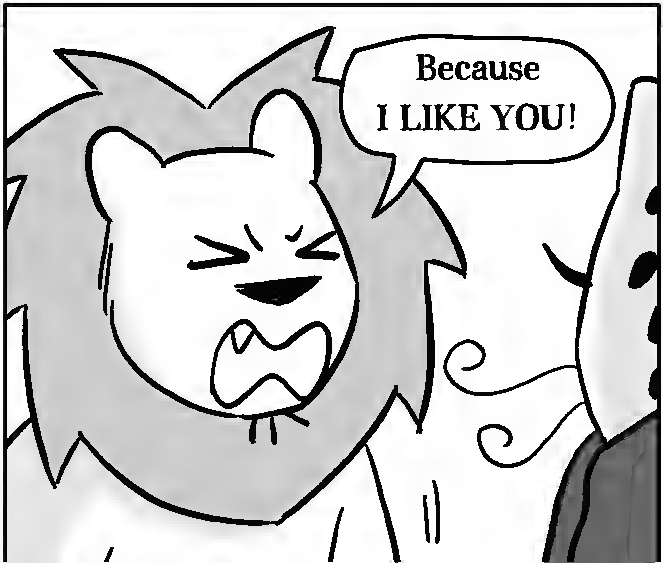


What, I'm just speed dating.
I do what I want, it's not your business.



Of course it's my business!
Why you have to meet other guys when you have --

Why do you care so much?



Because I LIKE YOU!

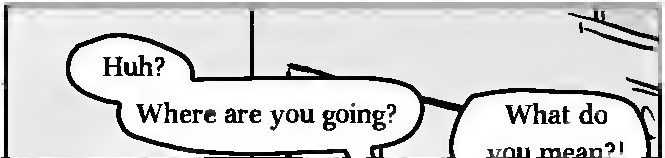
You what?

Those guys will fall in love with you in split second and what if you just pick one and go out with him...
I.. I can't let this happen!

...You liked me for all this time and you never told me?
You're a really stupid lion.
What do you want?

Can...
...can you go out with me instead of other guys?

...Alright then.



Huh?
Where are you going?
What do you mean?!

Didn't you ask me to go out with you?
So are you coming or not?
